- All entries are now imported directly into the ski race program based on what you enter on the online form.
- The system relies on you inputting the correct SRA membership number for EACH person\boat (this number is listed at the top of your membership card).
- If you enter the wrong number, the wrong person\boat will be entered in the race. Don't guess the number! Check it before entering.
- **You must submit a separate entry for each race you wish to enter. This includes the Hawkesbury Hotshots.**
- When your entry has been submitted successfully you will receive a pop up on your computer screen acknowledging your entry has been sent.
- You will also receive an email copy of your submitted entry. Please check this carefully, if there are any errors, please go online and fill in the substitution form. Do not submit a new entry form. See next page for class lists.
